EXPERIENCE

NoCode Specialist

Quickin Investing 2020, S.L. (January 2024 – July 2024)

NoCode development with FlutterFlow. I developed the whole mobile application about real estate investment from scratch. In addition, I participated in the company web site development with WordPress.

Specialist Backend Developer (Magnolia)

Nexum AG (June 2020 – September 2022)

Full stack web development with Magnolia CMS, Java, HTML5 and CSS3. I worked in two different projects, one for a German bank and one for a mobile services company.

Junior Salesforce Developer

Oramon (now part of Nexum AG) (October 2019 – June 2020)

Full stack web development with Salesforce, JavaScript, HTML5 and CSS3. I worked in a project for an Italian fashion company.

Junior Backend Developer

REWE Systems GmbH (August 2017 – September 2019)

Web development for supermarket point system machine with Java and Spring.

WordPress Developer

Deportes Ruiz & Martín (September 2012 – September 2015)

Web development and maintenance.

SKILLS

Complete web applications development.

Advance web layout.

Technologies I have worked with:
